Veteran-Specific Courses

Michael W. Howland
Coordinator
Veteran and Military Services
Veteran-Specific Courses

• To help ensure that student veterans get off on the right foot when beginning the college experience, Ole Miss will begin to offer courses and programs specifically designed for veterans.
Veteran-Specific Courses

• Coursework can range anywhere from a one credit “introduction to the college experience” (where issues such as transition, leveraging benefits, and disability issues are discussed) to general requirement classes such as government/history, English, and math.
Veteran-Specific Courses

• Service members who attend college after leaving the military often report difficulty interacting with people who don’t understand their experiences.
Veteran-Specific Courses

- Veteran-only classes will help military students become well acclimated to college life and deal with the “culture shock” many experience on campus.
Veteran-Specific Courses

• Helping student veterans feel like they “fit in” is an important consideration, and the camaraderie experienced by those who choose veteran-only classes will likely continue and translate into positive experiences throughout their college careers.
Veteran-Specific Courses

• These classes will also assist faculty by explaining the process to student veterans and ensuring a smooth transition
